

Privacy policy

1. Gathering, storing and using statistical data when browsing the Site

Whenever a Site User is browsing the Site or downloading data, the Company automatically gathers and stores the following data about that Site User:

- IP-address (IP-address is a number that is automatically issued to any computer when going online or an Internet-domain number which a Site User uses to browse the Site),
- data on the operating system and the browser type used to navigate the Site,
- time and date of visiting the Site,
- list of pages viewed within the Site,
- website address visited prior to the Site navigation start (if any).

The abovementioned data are only used as the statistical information about the Site User's actions on the Site, they do not reveal the identity of the Site User and are only required to determine the number of visitors and the variety of tools they use, as also for improving the Site itself. The Company does not monitor or collect specific information about the Site User.

The Site uses identification files («Cookie»-files).

2. Collecting Site User personal data

The Company collects and processes the following personal data of the Site User:

- Site User and their representative data and any documents, that are submitted by the Site User prior and during the cooperation of the parties.
- Message archive storing all forms of communication with the Site User, including mails, e-mails, facsimile correspondence and phone call records.

3. Storing Site User personal data

The Company stores all the personal data provided by the Site User on a secure data server. All such data is encrypted using the SSL to protect it against interception, and the Company takes all measures necessary to secure all sensitive information regarding the Site User.

Taking in account that no data transfer through the Internet can be completely secure, the Company is not able to guarantee total data security; therefore, any data transfer is fraught with the risk for the Site User.

4. General purposes of the Site User's personal data use

The company uses the Site User's personal data for the following purposes:

- When making a decision about entering into mutual relationship with Site User after receiving the corresponding request from the Site User,
- When identifying and studying the Site User according to the corresponding law procedures to prevent legalization of an illegally acquired funds or terrorism funding,
- When fulfilling the obligations arising from contracts made between the Company and the Site User,
- When answering the Site User's inquiries and appeals,
- When providing the Site User with information, wares or services that he asks of the Company, or those that are viewed by the Company as useful or interesting for the Site User, when informing the Site User about all the data changes, ware and service assortment changes of the Company and any special propositions of the Company and its partners,
- When aligning the Site content with the Site User expectations, creating content relevant for the Site User, ensuring the most effective use of the Site and the Merchant Panel on the Site User's computers and mobile device, as well as providing the Site User with access to certain components of both the Site and the Merchant Panel.

When applying for Company's services and beginning to cooperate with the Company, the Site User willingly allows the Company to process the Site User's personal data for the purposes described in this Policy as defined in the regulations covering the prevention of legalization of illegally obtained money and financing of terrorism, as well as other Company policies and procedures developed in accordance with the above regulations.

Site User is obligated to inform and have acceptance from all persons, whose personal data they transfer to the Company. The Company is a personal data controller.

5. The disclosure of the Site User's personal data to third parties

The Company may disclose the Site User's personal data to third parties in the following cases:

- If the Company is obliged to reveal or use the personal data of the Site User in order to comply with regulations, at the request of the competent institutions;
- If the Company or the Company's assets are subject to the acquisition by any third party;
- If such disclosure is necessary to fulfill the Site User's request;
- If some of the Company's services require the services of a third party, the third party will be provided with only the personal data of the Site User, which are necessary for the given services.

Some pages on this Site may include links to third-party websites. These sites are governed by their own privacy statements, and the Company is not responsible for their operations, including but not limited to their information practices. Users submitting information to or through these third-party websites should review the privacy statements of these sites before providing them with personally identifiable information.

6. Site User's access to his personal data

The Site User's right to access, change and delete his personal data can be used in accordance with the requirements of the law applicable and the GDPR. The Company has the right to restrict the Site User's access to his data if obliged to do so on the basis of the requirements of the law applicable and the GDPR.

7. Our Data processing Policy

The Personal data processing Policy provide information on the processing and protection of personal data of CryptoBilderlings customers and other individuals. In addition to the description of the Policy, more detailed information on the processing of personal data can be included in your service agreements, other documents related to services of the Company and on the website.

For all questions, comments, submissions, claims and other issues regarding personal data, please contact our Data Protection Officer (DPO) to: dpo@cryptobilderlings.com

Cookie policy

Cookies help you get the most out of the CryptoBilderlings website/-s. We use cookies to analyse visits to the Site, so that we can make improvements and provide you with relevant information. That way, you can find what you are looking for more quickly and are shown information specially selected for you.

What types of cookies are there?

There are different types of cookies:

- Basic cookies, which ensure that the Site works properly, for example, controlling the size of the display on your computer or tablet.
- Personal cookies, which save selections made on the Site (such as the language etc.).

What happens if I switch cookies off?

If you set your browser to reject all cookies, the Site may no longer function optimally. You can easily remove cookies via your browser. When you remove cookies, you will receive a new message again asking you for your approval. This is because we can no longer find your saved settings, in order to provide suitable services from CryptoBilderlings.

Your approval

Cookies are not new, but the regulations in force require us to ask you for your approval before placing cookies.
